### THE EDUCATION AS A WAY OF PERSONAL GROWTH :

Personality Development is one of the most commonly heard terms among those who are pursuing higher education. The fact that this word is so widely used demonstrates its significance. Personality growth does not imply broadening one's horizons. Personal development is not synonymous with academic success.

The Chief-Guest Explained the topic of importance of Education through Smart-Board.

Education is the only thing that can help you overcome your lack of self-confidence. The majority of people are really bashful. They have the opportunity to develop self-confidence through education. They get the opportunity to sit with other people, communicate with them, befriend them, have healthy communication with them, learn new things, and clear their doubts through the educational system
