REPORT ON INTERNATIONAL WOMEN'S DAY

Name of the Program	International Women's Day
Conducted on	Mar 8 th 2021 (1day)
Duration	6 Hrs /Day
Venue	PSNEC Seminar Hall
Number of participates	158
Dept/Year/Semester	All the girls students and staff members.
Resource Person	Mrs.Ajitha AP/ Chemistry Einstein College of Engineering
Objective of the Program	Keeping in the view the growing imbalance in the man-women ratio ,we have to emphasize focusing on celebrating and welcoming girl child. To get rid of vicious social customs of dowry system responsible for killing of girl child, the status of women shall have to be enhanced.

The Program started on **08.03.2021 at 10:30 am** with the welcome addressed by S&H department faculty **Ms. T. Bharathi**. In the First session Our chief Guest **Mrs. Ajitha AP/ Chemistry, Einstein College of Engineering**. She spoke about the Dowry system in India has been running for long time. It is the money that is given during marriage to the boy or their family even property can also be included in dowry. The system of dowry stated in ancient times during marriage the money will be given to the groom so that he can take proper care of his bride, it was used to honor both sides of the family. As time changes dowry still remains in society but its significance keeps changing with time. She spoke about a short speech on saving girl children. India is a country where on one hand everybody with devotion in their hearts workshop goddess and on another hand, various crimes are committed against a girl child like female foeticide , no equal right ,eve-teasing ,child marriage, rape and the list goes on. As we all know how important a girl child is to society .She plays many important roles like a mother, a daughter, a wife, and so on. She is considered to be the pillar that maintains the peace of the house and yet she is disrespected and mentally and physically.

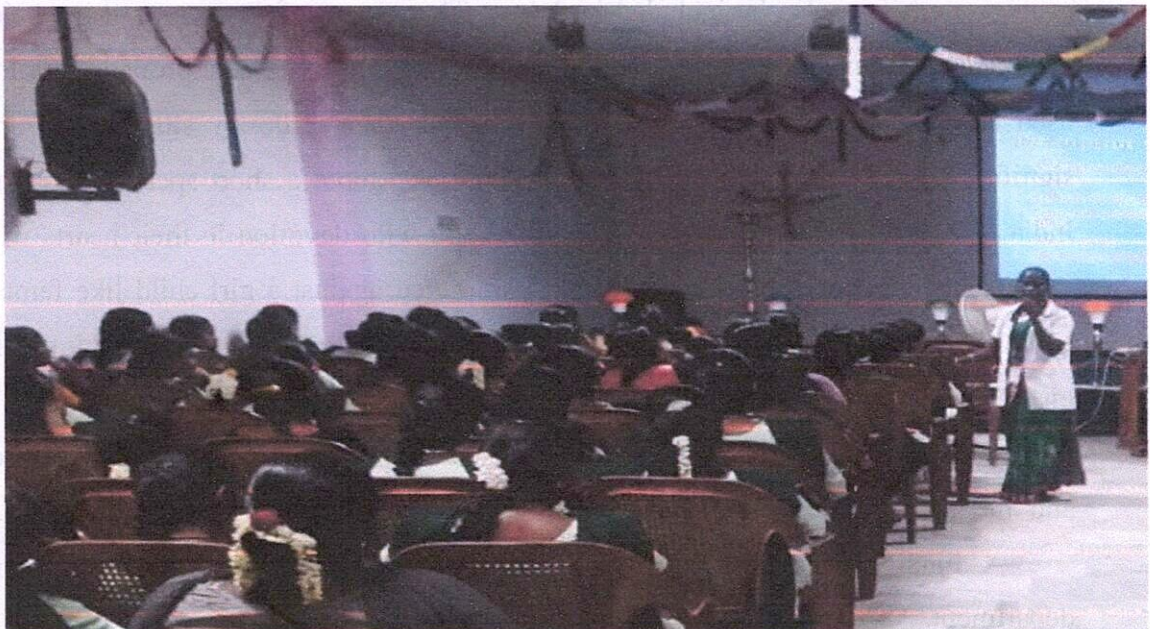

Finally the vote of thanks was expressed by **S.Sunderjohn Thinakaran**, HOD of S&H department.
