Report on Webinar

Name of the Course/Program	Webinar on Influence Of AI In 5G Network
Conducted on	30.11.2020
Duration	One day
Venue	Seminar Hall, PSN Engineering College.
Number of Participants	30
Dept/Year/Semester	CSE/ II & III, IV /VII
Resource Person (s) Details	Mrs.Vijayarani AP/CSE/SCADCET
Objective of the Course / Program	To learn basic about Influence Of AI In 5G Network

Program Summary

A Webinar program on **Influence of AI in 5 G Network** was conducted in **computer science department** for second, third and final year BE students, the program held on **30.11.2020**. The program was handled by **Mrs.Vijayarani, Associate Professor, SCAD College of Engineering and Technology, Tirunelevi.** On that session the students learnt how to ensure confidentiality, integrity, authentication, availability, and non-repudiation of information stored in networked information systems. AI can improve 5G networks by improving network security, providing more network efficiency, enhancing service quality and offering more simplified deployment. In addition, 5G devices can see improvements thanks to AI machine learning in system performance, security and device experience. This webinar program helped the students to gain knowledge on **Influence of AI in 5 G** networks are an emerging type of network that is posed to play an important role in the Internet-of-Things (IoT).
