for being amongst the very few places in the country where you could watch a sunrise and also a sunset sitting in the very same spot. It is also famous for the Kanyakumari Devi temple!

Kanyakumari Devi Temple. The temple here is a Shakti Peetha, one of the holiest shrines of the Mother goddess.

First we have visited the Vivekananda Rock. It is much more than just a tourist attraction in Kanyakumari. Vivekananda rock is more of a sacred monument dedicated to one of the most revered spiritual leaders - Swami Vivekananda. Also on this rock, there is a Dhyana mandapam, an area for meditation. Swami Vivekananda came to Kanyakumari before his departure for Chicago to participate in the World Religious Conference. He sat on meditation on this rock and became a powerful spiritual leader and philosopher.
