The Guest speaker of the day was **Mr.Robin, Professor, Anna University Regional Campus, Tirunelveli**. The Guest of honor highlighted the opportunities available for the students and smeared light on how to capitulate the open opportunities through skills bestowed on the students. The Program was successfully concluded with the Vote of Thanks By (**Mr.S.Pitchaiah & AP/ECE**).

This Program was an eye opener to our students as they enhanced the wide range of importance of engineering education. In an advanced technological world, we need engineers to bring ideas into reality. By applying the principles of mathematics and science, engineers develop solutions to the world's biggest technical issues. Student Engineers apply mathematics and science principles to create economic solutions on technical issues. Their job is to connect between a commercial application and a scientific discovery that meet consumer and societal aspirations.
