Objective of the Program	To Motivate the students about the process of improving your characteristics, such as personality, attitude ,and behavior, to stand out from the crowd. Personality development meaning can be linked with a combination of verbal and physical traits.

The Program started on **07.11.22 at 10.30 am** with the welcome addressed by **IQAC director Dr.G.Satish Pandian**. In the First Day Our Chief Guest **Dr.Mathumathi, Assistant Professor, V.O.C. College, Tuticorin**. She says about Personality is a characteristic way of thinking , feeling, and behavior. The first towards developing a great personality is feeling confident in your own skill. One of most important ways to do that is to not compare yourself with others. The constant comparing blocks our own strengths from view. The other person assumes more strength our head. But the fortunate and often unrealized truth is that you are unique and incomparable . She says that the uniqueness of every person must be celebrated.

On 08.11.22 and 09.11.22 at 9.30 am, Our Chief Guest **Dr.S.Sivabharathi, Field Co-ordinator, AURCT-IEDP HUB, Anna University, Tirunelveli**. He spoke about Personality is an important thing in the life of a person that determines not only his professional success but also his overall behavior and attitude in life. Personality as a whole means a combination of characteristics and appearance of an individual that includes the pattern of thought, feelings, attitude, his behavior,

communication ability and physical features. It has been believed that a child inherits a lot of personality traits from its parents .Every individual is different from the other and possesses a personality of his own that is unique from the others in every form. You must have noticed that there are people who have a lot of friends in a school, college or office and there are also people in the same place who don't socialize much and have very few friends, this is difference is mainly due to the difference in thinking, characteristics and most importantly the difference in the personality of the people.

The final day stated on **10.11.2022 at 9.30 am**. Our Chief Guest **Dr.Suvintharan, EDC Co-ordinate, MS University, Tirunelveli**. He spoke about the importance of personality refers to his/her appearance, characteristics, attitude, mindset and behavior with others. Personality development grooms an individual and helps him make a mark of his/her own. Individuals need to have a style of their own for others to follow them .Do not blindly copy others. You need to set an example for people around. Personality development not only makes you look good and presentable but also helps you face the world with a smile.

Finally the vote of thanks was expressed by **T.Bharathi , HOD of S&H department**.
